The Central Brevard Art Association's Youth Scholarship Award is presented in June, to a graduating high school senior, who is continuing their art education. The fund for the award was started in 2004 through a donation by Gina Crabbs in memory of her mother, Theresa Barbini, both members of CBAA. Each year, high school art teachers are asked to nominate their best students based on scholastic achievement, talent, and desire to pursue a degree in art or art related field. Studio 3 Framing has been very generous providing donations in support of the program. A volunteer committee of CBAA members interviews the students and reviews samples of their work to select the student with the greatest potential to succeed`
